Marcell Kovács

Computer Engineering & Political Science & Digital Economy
Hungary

Summary

I have an excellent degree in Computer Science Engineering and also in Political Science. I would like to work with digitalization public policy to help improve countries and diplomacy through digitalization. Also I am eager to start a business.

I am interested in IT, Mathematics, Economics, Business, History, Diplomacy and Politics. A strong believer of lifelong learning and interdisciplinary thinking.

Experience

Unity in Connectivity Foundation

President

March 2025 - Present (1 year 3 months)

Budapest, Hungary

Co-founded and lead a foundation dedicated to empowering youth through technology, connection, and global collaboration. As President and Legal Representative, I oversee strategic direction, partnerships, and legal compliance.

Key responsibilities:

- Legal representation and contract negotiation
- Tax and VAT oversight, regulatory compliance
- Representation at national and international events
- Strategic partnership development and public relations
- Oversee program development, funding applications, and long-term strategic planning

Committed to building bridges between innovation, education, and social responsibility, preparing the next generation to thrive in the digital age.

Budapest University of Technology and Economics
